Resources

Careers lessons are called the Big Futures programme and are part of the school's weekly Big Theme Tutor programme. The Big Futures programme is underpinned by the Gatsby Benchmarks. Our school library has relevant, up to date CEIAG information in a range of formats. Students have supervised access to IT facilities, including Careers software such as START and the internet. Specialist support is available for individuals with learning difficulties and/or disabilities.

Guidance

Guidance is provided by our school Careers Adviser, Sarah Rooney and other external level 6 providers where appropriate. We have strong links with the Youth Employability Service (YES) to identify potential NEETs early and support them pre-emptively. All guidance aims to be impartial, confidential (within policy guidelines), responsive to students' needs and based on the principle of equality. Students can also access guidance through a range of websites and books provided. In addition to this, Mrs Rooney has 'careers drop in' sessions which can be booked with her directly, for any student who requires careers advice.
