

Term 6 Teaching and Learning priorities:

Priority 1 – Think, Pair, and Share:

In order to develop oracy by students discussing their thoughts and thinking hard about their responses.

How? Students are given a question to think about on their own, then to share their thoughts with a partner, then prepare to share with the class.

(Morrison McGill- The Teacher Toolkit 2015)

Priority 2 – Do Now tasks:

In order to engage students immediately whilst the teacher can greet students.

How? An activity needs to be displayed on the board or as a hand out that students can complete in 5 minutes.

(Lemov – Teach Like a Champion 2.0 2014)

Priority 3 – Initial Stimulus Material:

In order to provoke curiosity and challenge students by presenting them with a problem, image, or quote to stimulate them by creating a 'hook.'

How? You could pass an object round, put an image, quote, or problem on the board to engage students.
