

### CORONAVIRUS – REDUCING THE RISK

**Welcome to Willingdon Community School. In order to reduce the risk of Covid 19, we are asking all visitors to read, sign and date this form in line with our measures to minimise the risk of Covid to our school community. Many thanks for your anticipated support.**

Our school will welcome visitors if the following is adhered to:

1. Visitors must not come into school if they currently need to self-isolate, according to the [latest government guidance](#), for example if they:
  - Are displaying any coronavirus symptoms (a new continuous cough, a high temperature, or a loss or change in their sense of taste and/or smell)
  - Have travelled from or through a country that is not [exempt](#) from the ‘all but essential’ travel guidance in the last 14 days
  - Have been in contact with someone who has tested positive for coronavirus.
2. The visitor follows the measures the school is taking to minimise the spread of coronavirus, for example:
  - Sanitising their hands thoroughly upon arrival in Reception, and before leaving, and utilising the hand sanitiser opportunities located around school during the course of their visit.
  - Wearing a face covering in areas of the school where social distancing isn’t possible, such as corridors, unless they’re exempt from wearing one. They must keep or put this on when arriving at school, moving to their destination and moving around the school indoors. They must bring a plastic bag or suitable receptacle to keep this in. If they’re using disposable face coverings, they must put these in a covered bin, upon disposal. They shouldn’t touch the front of the covering during use or removal, and they will wash/sanitise their hands after removing it
  - Where possible, maintaining a distance of 2 meters from everyone else in the school. This means no handshaking or other forms of physical contact between visitors and the school community
  - Providing their contact details to the school. This is in case the school needs to contact visitors following public health advice in the event of a coronavirus outbreak in the school community.
